AppleSeed (3-5) comes out in January and May, AppleSauce (6-8) in March and June. We exist to showcase and nurture creative writing and artistic expression and to build connections between people and communities. Our goals are to publish 450-500 contributors (grades 3-8) a year from all the public schools in Greater Lawrence, to print and distribute 3,000 - 4,000 copies of each issue and to build a network of appreciative readers in Greater Lawrence and beyond. Through our web site we hope to offer writing tips and showcase more contributors.
